DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This small Italianate structure is located on the South Vermont Street at its intersection with West Church Street. It is a two and a half story, two bay house now covered with aluminum siding. It has a flat roof which overhangs the walls. Windows have six over six pane sashes. The main entrance is located in the south bay of the front elevation. The eaves and cornice trim appear to be original consisting of heavily scrolled brackets, dentils and decorative ventilators in the frieze. A hip roofed front porch is modern. The house appears to be in excellent condition and dates from the late 19th century.
